Joint Funding

Sec. 5. Pursuant to regulations prescribed by the President, and to the extent consistent with the other provisions of this Act, where funds are provided for a single project by more than one

When the principal agency involved is the Rehabilitation Services Administration, it may waive any grant or contract requirement (as defined by such regulations) under or pursuant to any law other than this Act, which requirement is inconsistent with the similar requirements of the administering agency under or pursuant to this Act.

Sec. 19. (a) In General

Except as provided in subsection (b), and notwithstanding any other provision of law --

(1) any funds appropriated for a fiscal year to carry out any grant program under part B of title I, section 509 (except as provided in section 509(b)), part B of title VI, part B or C of chapter 1 of title VII, or chapter 2 of title VII (except as provided in section 752(b)), including any funds reallocated under any such grant program, that are not obligated and expended by recipients prior to the beginning of the succeeding fiscal year; or

(2) any amounts of program income, including reimbursement payments under the Social Security Act (42 U.S.C. 301 et seq.), received by recipients under any grant program specified in paragraph (1) that are not obligated and expended by recipients prior to the beginning of the fiscal year succeeding the fiscal year in which such amounts were received, shall remain available for obligation and expenditure by such recipients during such succeeding fiscal year.

Traditionally Underserved Populations

Sec. 21. (a) Findings

With respect to the programs authorized in titles II through VII, the Congress finds as follows:

(1) Racial profile

The racial profile of America is rapidly changing. While the rate of increase for white Americans is 3.2 percent, the rate of increase for racial and ethnic minorities is much higher: 38.6 percent for Latinos, 14.6 percent for African-Americans, and 40.1 percent for Asian-Americans and other ethnic groups. By the year 2000, the Nation will have 260,000,000 people, one of every three of whom will be either African-American, Latino, or Asian-American.

(2) Rate of disability

Ethnic and racial minorities tend to have disabling conditions at a disproportionately high rate. The rate of work-related disability for American Indians is about one and one-half times that of the general population. African-Americans are also one and one-half times more likely to be disabled than whites and twice as likely to be significantly disabled.

(3) Inequitable treatment

Patterns of inequitable treatment of minorities have been documented in all major junctures of the vocational rehabilitation process. As compared to white Americans, a larger percentage of African-American applicants to the vocational rehabilitation system is denied acceptance. Of applicants accepted for service, a larger percentage of African-American cases is closed without being rehabilitated. Minorities are provided less training than their white counterparts. Consistently, less money is spent on minorities than on their white counterparts.

(4) Recruitment

Recruitment efforts within vocational rehabilitation at the level of preservice training, continuing education, and in-service training must focus on bringing larger numbers of minorities into the profession in order to provide appropriate practitioner knowledge, role models, and sufficient manpower to address the clearly changing demography of vocational rehabilitation.

(b) Outreach to Minorities

(1) In general

For each fiscal year, the Commissioner and the Director of the National Institute on Disability and Rehabilitation Research (referred to in this subsection as the "Director") shall reserve 1 percent of the funds appropriated for the fiscal year for programs authorized under titles II, III, VI, and VII to carry out this subsection. The Commissioner and the Director shall use the reserved funds to carry out 1 or more of the activities described in paragraph (2) through a grant, contract, or cooperative agreement.

(2) Activities

The activities carried out by the Commissioner and the Director shall include 1 or more of the following:

(A) Making awards to minority entities and Indian tribes to carry out activities under the programs authorized under titles II, III, VI, and VII.

(B) Making awards to minority entities and Indian tribes to conduct research, training, technical assistance, or a related activity, to improve services provided under this Act, especially services provided to individuals from minority backgrounds.

(C) Making awards to entities described in paragraph (3) to provide outreach and technical assistance to minority entities and Indian tribes to promote their participation in activities funded under this Act, including assistance to enhance their capacity to carry out such activities.

(3) Eligibility

To be eligible to receive an award under paragraph (2)(C), an entity shall be a State or a public or private nonprofit agency or organization, such as an institution of higher education or an Indian tribe.

(4) Report

In each fiscal year, the Commissioner and the Director shall prepare and submit to Congress a report that describes the activities funded under this subsection for the preceding fiscal year.

(5) Definitions

In this subsection:

(A) Historically black college or university: The term "historically Black college or university" means a part B institution, as defined in section 322(2) of the Higher Education Act of 1965 (20 U.S.C. 1061(2)).

(B) Minority entity: The term "minority entity" means an entity that is a historically Black college or university, a Hispanic-serving institution of higher education, an American Indian tribal college or university, or another institution of higher education whose minority student enrollment is at least 50 percent.

(c) Demonstration

In awarding grants, or entering into contracts or cooperative agreements under titles I, II, III, VI, and VII, and section 509, the Commissioner and the Director, in appropriate cases, shall require applicants to demonstrate how the applicants will address, in whole or in part, the needs of individuals with disabilities from minority backgrounds.

TITLE I--VOCATIONAL REHABILITATION SERVICES

Part A--General Provisions

Sec. 100. Declaration of Policy; Authorization of Appropriations

(a) Findings; Purpose; Policy

(1) Findings

Congress finds that--

(A) work--

(i) is a valued activity, both for individuals and society; and

(ii) fulfills the need of an individual to be productive, promotes independence, enhances self-esteem, and allows for participation in the mainstream of life in the United States;

(B) as a group, individuals with disabilities experience staggering levels of unemployment and poverty;

(C) individuals with disabilities, including individuals with the most significant disabilities, have demonstrated their ability to achieve gainful employment in integrated settings if appropriate services and supports are provided;

(D) reasons for significant numbers of individuals with disabilities not working, or working at levels not commensurate with their abilities and capabilities, include--

(i) discrimination;

(ii) lack of accessible and available transportation;

(iii) fear of losing health coverage under the medicare and medicaid programs carried out under titles XVIII and XIX of the Social Security Act (42 U.S.C. 1395 et seq. and 1396 et seq.) or fear of losing private health insurance; and

(iv) lack of education, training, and supports to meet job qualification standards necessary to secure, retain, regain, or advance in employment;

(E) enforcement of title V and of the Americans with Disabilities Act of 1990 (42 U.S.C. 12101 et seq.) holds the promise of ending discrimination for individuals with disabilities;

(F) the provision of workforce investment activities and vocational rehabilitation services can

enable individuals with disabilities, including individuals with the most significant disabilities, to pursue meaningful careers by securing gainful employment commensurate with their abilities and capabilities; and

(G) linkages between the vocational rehabilitation programs established under this title and other components of the statewide workforce investment systems are critical to ensure effective and meaningful participation by individuals with disabilities in workforce investment activities.

(2) Purpose

The purpose of this title is to assist States in operating statewide comprehensive, coordinated, effective, efficient, and accountable programs of vocational rehabilitation, each of which is--

(A) an integral part of a statewide workforce investment system; and

(B) designed to assess, plan, develop, and provide vocational rehabilitation services for individuals with disabilities, consistent with their strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that such individuals may prepare for and engage in gainful employment.

(3) Policy

It is the policy of the United States that such a program shall be carried out in a manner consistent with the following principles:

(A) Individuals with disabilities, including individuals with the most significant disabilities, are generally presumed to be capable of engaging in gainful employment and the provision of individualized vocational rehabilitation services can improve their ability to become gainfully employed.

(B) Individuals with disabilities must be provided the opportunities to obtain gainful employment in integrated settings.

(C) Individuals who are applicants for such programs or eligible to participate in such programs must be active and full partners in the vocational rehabilitation process, making meaningful and informed choices--

(i) during assessments for determining eligibility and vocational rehabilitation needs; and

(ii) in the selection of employment outcomes for the individuals, services needed to achieve the outcomes, entities providing such services, and the methods used to secure such services.

(D) Families and other natural supports can play important roles in the success of a vocational rehabilitation program, if the individual with a disability involved requests, desires, or needs

such supports.

(E) Vocational rehabilitation counselors that are trained and prepared in accordance with State policies and procedures as described in section 101(a)(7)(B) (referred to individually in this title as a "qualified vocational rehabilitation counselor"), other qualified rehabilitation personnel, and other qualified personnel facilitate the accomplishment of the employment outcomes and objectives of an individual.

(F) Individuals with disabilities and the individuals' representatives are full partners in a vocational rehabilitation program and must be involved on a regular basis and in a meaningful manner with respect to policy development and implementation.

(G) Accountability measures must facilitate the accomplishment of the goals and objectives of the program, including providing vocational rehabilitation services to, among others, individuals with the most significant disabilities.

(b) Authorization of Appropriations

(1) In general

For the purpose of making grants to States under part B to assist States in meeting the costs of vocational rehabilitation services provided in accordance with State plans under section 101, there are authorized to be appropriated such sums as may be necessary for fiscal years 1999 through 2003, except that the amount to be appropriated for a fiscal year shall not be less than the amount of the appropriation under this paragraph for the immediately preceding fiscal year, increased by the percentage change in the Consumer Price Index determined under subsection (c) for the immediately preceding fiscal year.

(2) Reference

The reference in paragraph (1) to grants to States under part B shall not be considered to refer to grants under section 112.

(c) Consumer Price Index

(1) Percentage change

No later than November 15 of each fiscal year (beginning with fiscal year 1979), the Secretary of Labor shall publish in the Federal Register the percentage change in the Consumer Price Index published for October of the preceding fiscal year and October of the fiscal year in which such publication is made.

(2) Application

(A) Increase

If in any fiscal year the percentage change published under paragraph (1) indicates an increase in the Consumer Price Index, then the amount to be appropriated under subsection (b)(1) for the subsequent fiscal year shall be at least the amount appropriated under subsection (b)(1) for the fiscal year in which the publication is made under paragraph (1) increased by such percentage change.

(B) No increase or decrease

If in any fiscal year the percentage change published under paragraph (1) does not indicate an increase in the Consumer Price Index, then the amount to be appropriated under subsection (b)(1) for the subsequent fiscal year shall be at least the amount appropriated under subsection (b)(1) for the fiscal year in which the publication is made under paragraph (1).

(3) Definition

For purposes of this section, the term "Consumer Price Index" means the Consumer Price Index for All Urban Consumers, published monthly by the Bureau of Labor Statistics.

(d) Extension

(1) In general

(A) Authorization or duration of program

Unless the Congress in the regular session which ends prior to the beginning of the terminal fiscal year--

(ii) of the duration of the program authorized by the State grant program under part B of this title;

has passed legislation which would have the effect of extending the authorization or duration (as the case may be) of such program, such authorization or duration is automatically extended for 1 additional year for the program authorized by this title.

(B) Calculation

The amount authorized to be appropriated for the additional fiscal year described in subparagraph (A) shall be an amount equal to the amount appropriated for such program for

fiscal year 2003, increased by the percentage change in the Consumer Price Index determined under subsection (c) for the immediately preceding fiscal year, if the percentage change indicates an increase.

(2) Construction

(A) Passage of legislation

For the purposes of paragraph (1)(A), Congress shall not be deemed to have passed legislation unless such legislation becomes law.

(B) Acts or determinations of commissioner

In any case where the Commissioner is required under an applicable statute to carry out certain acts or make certain determinations which are necessary for the continuation of the program authorized by this title, if such acts or determinations are required during the terminal year of such program, such acts and determinations shall be required during any fiscal year in which the extension described in that part of paragraph (1) that follows clause (ii) of paragraph (1)(A) is in effect.

Sec. 101. State Plans

(a) Plan Requirements

(1) In general

(A) Submission

To be eligible to participate in programs under this title, a State shall submit to the Commissioner a State plan for vocational rehabilitation services that meets the requirements of this section, on the same date that the State submits a State plan under section 112 of the Workforce Investment Act of 1998.

(B) Nonduplication

The State shall not be required to submit, in the State plan for vocational rehabilitation services, policies, procedures, or descriptions required under this title that have been previously submitted to the Commissioner and that demonstrate that such State meets the requirements of this title, including any policies, procedures, or descriptions submitted under this title as in effect on the day before the effective date of the Rehabilitation Act Amendments of 1998.

(C) Duration

The State plan shall remain in effect subject to the submission of such modifications as the State

determines to be necessary or as the Commissioner may require based on a change in State policy, a change in Federal law (including regulations), an interpretation of this Act by a Federal court or the highest court of the State, or a finding by the Commissioner of State noncompliance with the requirements of this Act, until the State submits and receives approval of a new State plan.

(2) Designated state agency; designated state unit

(A) Designated state agency

The State plan shall designate a State agency as the sole State agency to administer the plan, or to supervise the administration of the plan by a local agency, except that--

(i) where, under State law, the State agency for individuals who are blind or another agency that provides assistance or services to adults who are blind is authorized to provide vocational rehabilitation services to individuals who are blind, that agency may be designated as the sole State agency to administer the part of the plan under which vocational rehabilitation services are provided for individuals who are blind (or to supervise the administration of such part by a local agency) and a separate State agency may be designated as the sole State agency to administer or supervise the administration of the rest of the State plan;

(ii) the Commissioner, on the request of a State, may authorize the designated State agency to share funding and administrative responsibility with another agency of the State or with a local agency in order to permit the agencies to carry out a joint program to provide services to individuals with disabilities, and may waive compliance, with respect to vocational rehabilitation services furnished under the joint program, with the requirement of paragraph (4) that the plan be in effect in all political subdivisions of the State; and

(iii) in the case of American Samoa, the appropriate State agency shall be the Governor of American Samoa.

(B) Designated state unit

If the State has designated only 1 State agency pursuant to subparagraph (A), the State may assign responsibility for the part of the plan under which vocational rehabilitation services are provided for individuals who are blind to an organizational unit of the designated State agency and assign responsibility for the rest of the plan to another organizational unit of the designated State agency, with the provisions of subparagraph (B) applying separately to each of the designated State units.

(3) Non-federal share

The State plan shall provide for financial participation by the State, or if the State so elects, by the State and local agencies, to provide the amount of the non-Federal share of the cost of carrying out part B.

(4) Statewideness

The State plan shall provide that the plan shall be in effect in all political subdivisions of the State, except that--

(A) in the case of any activity that, in the judgment of the Commissioner, is likely to assist in promoting the vocational rehabilitation of substantially larger numbers of individuals with disabilities or groups of individuals with disabilities, the Commissioner may waive compliance with the requirement that the plan be in effect in all political subdivisions of the State to the extent and for such period as may be provided in accordance with regulations prescribed by the Commissioner, but only if the non-Federal share of the cost of the vocational rehabilitation services involved is met from funds made available by a local agency (including funds contributed to such agency by a private agency, organization, or individual); and

(B) in a case in which earmarked funds are used toward the non-Federal share and such funds are earmarked for particular geographic areas within the State, the earmarked funds may be used in such areas if the State notifies the Commissioner that the State cannot provide the full non-Federal share without such funds.

(5) Order of selection for vocational rehabilitation services

In the event that vocational rehabilitation services cannot be provided to all eligible individuals

with disabilities in the State who apply for the services, the State plan shall--

(A) show the order to be followed in selecting eligible individuals to be provided vocational rehabilitation services;

(B) provide the justification for the order of selection;

(C) include an assurance that, in accordance with criteria established by the State for the order of selection, individuals with the most significant disabilities will be selected first for the provision of vocational rehabilitation services; and

(D) provide that eligible individuals, who do not meet the order of selection criteria, shall have access to services provided through the information and referral system implemented under paragraph (20).

(6) Methods for administration

(A) In general

The State plan shall provide for such methods of administration as are found by the Commissioner to be necessary for the proper and efficient administration of the plan.

(B) Employment of individuals with disabilities

The State plan shall provide that the designated State agency, and entities carrying out community rehabilitation programs in the State, who are in receipt of assistance under this title shall take affirmative action to employ and advance in employment qualified individuals with disabilities covered under, and on the same terms and conditions as set forth in, section 503.

(C) Facilities

The State plan shall provide that facilities used in connection with the delivery of services assisted under the State plan shall comply with the Act entitled "An Act to insure that certain buildings financed with Federal funds are so designed and constructed as to be accessible to the physically handicapped", approved on August 12, 1968 (commonly known as the "Architectural Barriers Act of 1968"), with section 504, and with the Americans with Disabilities Act of 1990.

(7) Comprehensive system of personnel development

The State plan shall--

(A) include a description (consistent with the purposes of this Act) of a comprehensive system of personnel development, which shall include--

(f) Meetings

The Council shall convene at least 4 meetings a year in such places as it determines to be necessary to conduct Council business and conduct such forums or hearings as the Council considers appropriate. (b) Compliance

(1) State reports

In accordance with regulations established by the Secretary, each State shall report to the Commissioner after the end of each fiscal year the extent to which the State is in compliance with the standards and indicators.

(2) Program improvement

(A) Plan

If the Commissioner determines that the performance of any State is below established standards, the Commissioner shall provide technical assistance to the State, and the State and the Commissioner shall jointly develop a program improvement plan outlining the specific actions to be taken by the State to improve program performance.

(B) Review

The Commissioner shall--

(i) review the program improvement efforts of the State on a biannual basis and, if necessary, request the State to make further revisions to the plan to improve performance; and

(c) Withholding

If the Commissioner determines that a State whose performance falls below the established standards has failed to enter into a program improvement plan, or is not complying substantially with the terms and conditions of such a program improvement plan, the Commissioner shall, consistent with subsections (c) and (d) of section 107, reduce or make no further payments to the State under this program, until the State has entered into an approved program improvement plan, or satisfies the Commissioner that the State is complying substantially with the terms and conditions of such a program improvement plan, as appropriate.

(d) Report to Congress

Beginning in fiscal year 1999, the Commissioner shall include in each annual report to the Congress under section 13 an analysis of program performance, including relative State performance, based on the standards and indicators.

Sec. 107. Monitoring and Review

In carrying out the duties of the Commissioner under this title, the Commissioner shall--

(A) provide for the annual review and periodic onsite monitoring of programs under this title; and

(B) determine whether, in the administration of the State plan, a State is complying substantially with the provisions of such plan and with evaluation standards and performance indicators established under section 106.

(D) such other areas of inquiry as the Commissioner may consider appropriate.

(5) Reports

If the Commissioner issues a report detailing the findings of an annual review or onsite monitoring conducted under this section, the report shall be made available to the State Rehabilitation Council, if the State has such a Council, for use in the development and modification of the State plan described in section 101.

(b) Technical Assistance

The Commissioner shall--

(1) provide technical assistance to programs under this title regarding improving the quality of vocational rehabilitation services provided; and

(2) provide technical assistance and establish a corrective action plan for a program under this title if the Commissioner finds that the program fails to comply substantially with the provisions of the State plan, or with evaluation standards or performance indicators established under section 106, in order to ensure that such failure is corrected as soon as practicable.

(c) Failure To Comply With Plan

(1) Withholding payments

Whenever the Commissioner, after providing reasonable notice and an opportunity for a hearing to the State agency administering or supervising the administration of the State plan approved under section 101, finds that--

(A) the plan has been so changed that it no longer complies with the requirements of section 101(a); or

(B) in the administration of the plan there is a failure to comply substantially with any provision of such plan or with an evaluation standard or performance indicator established under section 106,

the Commissioner shall notify such State agency that no further payments will be made to the State under this title (or, in the discretion of the Commissioner, that such further payments will be reduced, in accordance with regulations the Commissioner shall prescribe, or that further payments will not be made to the State only for the projects under the parts of the State plan affected by such failure), until the Commissioner is satisfied there is no longer any such failure.

(2) Period

Until the Commissioner is so satisfied, the Commissioner shall make no further payments to

such State under this title (or shall reduce payments or limit payments to projects under those parts of the State plan in which there is no such failure).

(3) Disbursal of withheld funds

The Commissioner may, in accordance with regulations the Secretary shall prescribe, disburse any funds withheld from a State under paragraph (1) to any public or nonprofit private organization or agency within such State or to any political subdivision of such State submitting a plan meeting the requirements of section 101(a). The Commissioner may not make any payment under this paragraph unless the entity to which such payment is made has provided assurances to the Commissioner that such entity will contribute, for purposes of carrying out such plan, the same amount as the State would have been obligated to contribute if the State received such payment.

(d) Review

(1) Petition

Any State that is dissatisfied with a final determination of the Commissioner under section 101(b) or subsection (c) may file a petition for judicial review of such determination in the United States Court of Appeals for the circuit in which the State is located. Such a petition may be filed only within the 30-day period beginning on the date that notice of such final determination was received by the State. The clerk of the court shall transmit a copy of the petition to the Commissioner or to any officer designated by the Commissioner for that purpose. In accordance with section 2112 of title 28, United States Code, the Commissioner shall file with the court a record of the proceeding on which the Commissioner based the determination being appealed by the State. Until a record is so filed, the Commissioner may modify or set aside any determination made under such proceedings.

(2) Submissions and determinations

If, in an action under this subsection to review a final determination of the Commissioner under section 101(b) or subsection (c), the petitioner or the Commissioner applies to the court for leave to have additional oral submissions or written presentations made respecting such determination, the court may, for good cause shown, order the Commissioner to provide within 30 days an additional opportunity to make such submissions and presentations. Within such period, the Commissioner may revise any findings of fact, modify or set aside the determination being reviewed, or make a new determination by reason of the additional submissions and presentations, and shall file such modified or new determination, and any revised findings of fact, with the return of such submissions and presentations. The court shall thereafter review such new or modified determination.

(3) Standards of review

(A) In general

Upon the filing of a petition under paragraph (1) for judicial review of a determination, the court shall have jurisdiction--

(i) to grant appropriate relief as provided in chapter 7 of title 5, United States Code, except for interim relief with respect to a determination under subsection (c); and

(ii) except as otherwise provided in subparagraph (B), to review such determination in accordance with chapter 7 of title 5, United States Code.

(B) Substantial evidence

Section 706 of title 5, United States Code, shall apply to the review of any determination under this subsection, except that the standard for review prescribed by paragraph (2)(E) of such section 706 shall not apply and the court shall hold unlawful and set aside such determination if the court finds that the determination is not supported by substantial evidence in the record of the proceeding submitted pursuant to paragraph (1), as supplemented by any additional submissions and presentations filed under paragraph (2).

Sec. 108. Expenditure of Certain Amounts

(a) Expenditure

Amounts described in subsection (b) may not be expended by a State for any purpose other than carrying out programs for which the State receives financial assistance under this title, under part B of title VI, or under title VII.

(b) Amounts

The amounts referred to in subsection (a) are amounts provided to a State under the Social Security Act (42 U.S.C. 301 et seq.) as reimbursement for the expenditure of payments received by the State from allotments under section 110 of this Act.

Sec. 109. Training of Employers with Respect to Americans with Disabilities Act of 1990

A State may expend payments received under section 111--

(1) to carry out a program to train employers with respect to compliance with the requirements of title I of the Americans with Disabilities Act of 1990 (42 U.S.C. 12111 et seq.); and

(2) to inform employers of the existence of the program and the availability of the services of the program.

Part B--Basic Vocational Rehabilitation Services

State Allotments

Sec. 110. (a)(1) Subject to the provisions of subsection (c), for each fiscal year beginning before October 1, 1978, each State shall be entitled to an allotment of an amount bearing the same ratio to the amount authorized to be appropriated under section 100(b)(1) for allotment under this section as the product of--

(A) the population of the State; and

(B) the square of its allotment percentage, bears to the sum of the corresponding products for all the States.

(2)(A) For each fiscal year beginning on or after October 1, 1978, each State shall be entitled to an allotment in an amount equal to the amount such State received under paragraph (1) for the fiscal year ending September 30, 1978, and an additional amount determined pursuant to subparagraph (B) of this paragraph.

(B) For each fiscal year beginning on or after October 1, 1978, each State shall be entitled to an allotment, from any amount authorized to be appropriated for such fiscal year under section 100(b)(1) for allotment under this section in excess of the amount appropriated under section 100(b)(1)(A) for the fiscal year ending September 30, 1978, in an amount equal to the sum of--

(i) an amount bearing the same ratio to 50 percent of such excess amount as the product of the population of the State and the square of its allotment percentage bears to the sum of the corresponding products for all the States; and

(ii) an amount bearing the same ratio to 50 percent of such excess amount as the product of the population of the State and its allotment percentage bears to the sum of the corresponding products for all the States.

(3) The sum of the payment to any State (other than Guam, American Samoa, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands) under this subsection for any fiscal year which is less than one-third of 1 percent of the amount appropriated under section 100(b)(1), or \$3,000,000, whichever is greater, shall be increased to that amount, the total of the increases thereby required being derived by proportionately reducing the allotment to each of the

remaining such States under this subsection, but with such adjustments as may be necessary to prevent the sum of the allotments made under this subsection to any such remaining State from being thereby reduced to less than that amount.

(b)(1) Not later than forty-five days prior to the end of the fiscal year, the Commissioner shall determine, after reasonable opportunity for the submission to the Commissioner of comments by the State agency administering or supervising the program established under this title, that any payment of an allotment to a State under section 111(a) for any fiscal year will not be utilized by such State in carrying out the purposes of this title.

(2) As soon as practicable but not later than the end of the fiscal year, the Commissioner shall make such amount available for carrying out the purposes of this title to one or more other States to the extent the Commissioner determines such other State will be able to use such additional amount during that fiscal year or the subsequent fiscal year for carrying out such purposes. The Commissioner shall make such amount available only if such other State will be able to make sufficient payments from non-Federal sources to pay for the non-Federal share of the cost of vocational rehabilitation services under the State plan for the fiscal year for which the amount was appropriated.

(3) For the purposes of this part, any amount made available to a State for any fiscal year pursuant to this subsection shall be regarded as an increase of such State's allotment (as determined under the preceding provisions of this section) for such year.

(c)(1) For fiscal year 1987 and for each subsequent fiscal year, the Commissioner shall reserve from the amount appropriated under section 100(b)(1) for allotment under this section a sum, determined under paragraph (2), to carry out the purposes of part C.

(2) The sum referred to in paragraph (1) shall be, as determined by the Secretary--

(A) not less than three-quarters of 1 percent and not more than 1.5 percent of the amount referred to in paragraph (1), for fiscal year 1999; and

(B) not less than 1 percent and not more than 1.5 percent of the amount referred to in paragraph (1), for each of fiscal years 2000 through 2003.

Payments to States

Sec. 111. (a)(1) Except as provided in paragraph (2), from each State's allotment under this part for any fiscal year, the Commissioner shall pay to a State an amount equal to the Federal share of the cost of vocational rehabilitation services under the plan for that State approved under section 101, including expenditures for the administration of the State plan.

(2)(A) The total of payments under paragraph (1) to a State for a fiscal year may not exceed its allotment under subsection (a) of section 110 for such year.

(B) For fiscal year 1994 and each fiscal year thereafter, the amount otherwise payable to a State for a fiscal year under this section shall be reduced by the amount by which expenditures from non-Federal sources under the State plan under this title for the previous fiscal year are less than the total of such expenditures for the second fiscal year preceding the previous fiscal year.

(C) The Commissioner may waive or modify any requirement or limitation under subparagraph (B) or section 101(a)(17) if the Commissioner determines that a waiver or modification is an equitable response to exceptional or uncontrollable circumstances affecting the State.

(3)(A) Except as provided in subparagraph (B), the amount of a payment under this section with respect to any construction project in any State shall be equal to the same percentage of the cost of such project as the Federal share that is applicable in the case of rehabilitation facilities (as defined in section 645(g) of the Public Health Service Act (42 U.S.C. 291o(a))), in such State.

(B) If the Federal share with respect to rehabilitation facilities in such State is determined pursuant to section 645(b)(2) of such Act (42 U.S.C. 291o(b)(2)), the percentage of the cost for purposes of this section shall be determined in accordance with regulations prescribed by the Commissioner designed to achieve as nearly as practicable results comparable to the results obtained under such section.

(b) The method of computing and paying amounts pursuant to subsection (a) shall be as follows:

(1) The Commissioner shall, prior to the beginning of each calendar quarter or other period prescribed by the Commissioner, estimate the amount to be paid to each State under the provisions of such subsection for such period, such estimate to be based on such records of the State and information furnished by it, and such other investigation as the Commissioner may find necessary.

(2) The Commissioner shall pay, from the allotment available therefor, the amount so estimated by the Commissioner for such period, reduced or increased, as the case may be, by any sum (not previously adjusted under this paragraph) by which the Commissioner finds that the estimate of the amount to be paid the State for any prior period under such subsection was greater or less than the amount which should have been paid to the State for such prior period under such subsection. Such payment shall be made prior to audit or settlement by the General Accounting Office, shall be made through the disbursing facilities of the Treasury Department, and shall be made in such installments as the Commissioner may determine.

Client Assistance Program

Sec. 112.(a) From funds appropriated under subsection (h), the Secretary shall, in accordance with this section, make grants to States to establish and carry out client assistance programs to provide assistance in informing and advising all clients and client applicants of all available benefits under this Act, and, upon request of such clients or client applicants, to assist and advocate for such clients or applicants in their relationships with projects, programs, and services

provided under this Act, including assistance and advocacy in pursuing legal, administrative, or other appropriate remedies to ensure the protection of the rights of such individuals under this Act and to facilitate access to the services funded under this Act through individual and systemic advocacy. The client assistance program shall provide information on the available services and benefits under this Act and title I of the Americans with Disabilities Act of 1990 (42 U.S.C. 12111 et seq.) to individuals with disabilities in the State, especially with regard to individuals with disabilities who have traditionally been unserved or underserved by vocational rehabilitation programs. In providing assistance and advocacy under this subsection with respect to services under this title, a client assistance program may provide the assistance and advocacy with respect to services that are directly related to facilitating the employment of the individual.

(b) No State may receive payments from its allotment under this Act in any fiscal year unless the State has in effect not later than October 1, 1984, a client assistance program which--

(1) has the authority to pursue legal, administrative, and other appropriate remedies to ensure the protection of rights of individuals with disabilities who are receiving treatments, services, or rehabilitation under this Act within the State; and

(2) meets the requirements of designation under subsection (c).

(c)(1)(A) The Governor shall designate a public or private agency to conduct the client assistance program under this section. Except as provided in the last sentence of this subparagraph, the Governor shall designate an agency which is independent of any agency which provides treatment, services, or rehabilitation to individuals under this Act. If there is an agency in the State which has, or had, prior to the date of enactment of the Rehabilitation Amendments of 1984, served as a client assistance agency under this section and which received Federal financial assistance under this Act, the Governor may, in the initial designation, designate an agency which provides treatment, services, or rehabilitation to individuals with disabilities under this Act.

(B)(i) The Governor may not redesignate the agency designated under subparagraph (A) without good cause and unless--

(I) the Governor has given the agency 30 days notice of the intention to make such redesignation, including specification of the good cause for such redesignation and an opportunity to respond to the assertion that good cause has been shown;

(II) individuals with disabilities or the individuals' representatives have timely notice of the redesignation and opportunity for public comment; and

(III) the agency has the opportunity to appeal to the Commissioner on the basis that the redesignation was not for good cause.

(ii) If, after the date of enactment of the Rehabilitation Act Amendments of 1998--

(I) a designated State agency undergoes any change in the organizational structure of the agency that results in the creation of 1 or more new State agencies or departments or results in the merger of the designated State agency with 1 or more other State agencies or departments; and

(II) an agency (including an office or other unit) within the designated State agency was conducting a client assistance program before the change under the last sentence of subparagraph (A), the Governor shall redesignate the agency conducting the program. In conducting the redesignation, the Governor shall designate to conduct the program an agency that is independent of any agency that provides treatment, services, or rehabilitation to individuals with disabilities under this Act.

(2) In carrying out the provisions of this section, the Governor shall consult with the director of the State vocational rehabilitation agency, the head of the developmental disability protection and advocacy agency, and with representatives of professional and consumer organizations serving individuals with disabilities in the State.

(3) The agency designated under this subsection shall be accountable for the proper use of funds made available to the agency.

(d) The agency designated under subsection (c) of this section may not bring any class action in carrying out its responsibilities under this section.

(e)(1)(A) The Secretary shall allot the sums appropriated for each fiscal year under this section among the States on the basis of relative population of each State, except that no State shall receive less than \$50,000.

(B) The Secretary shall allot \$30,000 each to American Samoa, Guam, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(C) For the purpose of this paragraph, the term "State" does not include American Samoa, Guam, the Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(D)(i) In any fiscal year that the funds appropriated for such fiscal year exceed \$7,500,000, the minimum allotment shall be \$100,000 for States and \$45,000 for territories.

(ii) For any fiscal year in which the total amount appropriated under subsection (h) exceeds the total amount appropriated under such subsection for the preceding fiscal year, the Secretary shall increase each of the minimum allotments under clause (i) by a percentage that shall not exceed the percentage increase in the total amount appropriated under such subsection between the preceding fiscal year and the fiscal year involved.

(2) The amount of an allotment to a State for a fiscal year which the Secretary determines will not be required by the State during the period for which it is available for the purpose for which allotted shall be available for reallocation by the Secretary at appropriate times to other States with respect to which such a determination has not been made, in proportion to the original

allotments of such States for such fiscal year, but with such proportionate amount for any of such other States being reduced to the extent it exceeds the sum the Secretary estimates such State needs and will be able to use during such period, and the total of such reduction shall be similarly reallocated among the States whose proportionate amounts were not so reduced. Any such amount so reallocated to a State for a fiscal year shall be deemed to be a part of its allotment for such fiscal year.

(3) Except as specifically prohibited by or as otherwise provided in State law, the Secretary shall pay to the agency designated under subsection (c) the amount specified in the application approved under subsection (f).

(f) No grant may be made under this section unless the State submits an application to the Secretary at such time, in such manner, and containing or accompanied by such information as the Secretary deems necessary to meet the requirements of this section.

(g) The Secretary shall prescribe regulations applicable to the client assistance program which shall include the following requirements:

(1) No employees of such programs shall, while so employed, serve as staff or consultants of any rehabilitation project, program, or facility receiving assistance under this Act in the State.

(2) Each program shall be afforded reasonable access to policymaking and administrative personnel in the State and local rehabilitation programs, projects, or facilities.

(3)(A) Each program shall contain provisions designed to assure that to the maximum extent possible alternative means of dispute resolution are available for use at the discretion of an applicant or client of the program prior to resorting to litigation or formal adjudication to resolve a dispute arising under this section.

(B) In subparagraph (A), the term "alternative means of dispute resolution" means any procedure, including good faith negotiation, conciliation, facilitation, mediation, fact finding, and arbitration, and any combination of procedures, that is used in lieu of litigation in a court or formal adjudication in an administrative forum, to resolve a dispute arising under this section.

(4) For purposes of any periodic audit, report, or evaluation of the performance of a client assistance program under this section, the Secretary shall not require such a program to disclose the identity of, or any other personally identifiable information related to, any individual requesting assistance under such program.

(h) There are authorized to be appropriated such sums as may be necessary for fiscal years 1999 through 2003 to carry out the provisions of this section.

Part C--American Indian Vocational Rehabilitation Services

Vocational Rehabilitation Services Grants

Sec. 121. (a) The Commissioner, in accordance with the provisions of this part, may make grants to the governing bodies of Indian tribes located on Federal and State reservations (and consortia of such governing bodies) to pay 90 percent of the costs of vocational rehabilitation services for American Indians who are individuals with disabilities residing on or near such reservations. The non-Federal share of such costs may be in cash or in kind, fairly valued, and the Commissioner may waive such non-Federal share requirement in order to carry out the purposes of this Act.

(b)(1) No grant may be made under this part for any fiscal year unless an application therefor has been submitted to and approved by the Commissioner. The Commissioner may not approve an application unless the application--

(A) is made at such time, in such manner, and contains such information as the Commissioner may require;

(B) contains assurances that the rehabilitation services provided under this part to American Indians who are individuals with disabilities residing on or near a reservation in a State shall be, to the maximum extent feasible, comparable to rehabilitation services provided under this title to other individuals with disabilities residing in the State and that, where appropriate, may include services traditionally used by Indian tribes; and

(C) contains assurances that the application was developed in consultation with the designated State unit of the State.

(2) The provisions of sections 5, 6, 7, and 102(a) of the Indian Self-Determination and Education Assistance Act shall be applicable to any application submitted under this part. For purposes of this paragraph, any reference in any such provision to the Secretary of Education or to the Secretary of the Interior shall be considered to be a reference to the Commissioner.

(3) Any application approved under this part shall be effective for not more than 60 months, except as determined otherwise by the Commissioner pursuant to prescribed regulations. The State shall continue to provide vocational rehabilitation services under its State plan to American Indians residing on or near a reservation whenever such State includes any such American Indians in its State population under section 110(a)(1).

(4) In making grants under this part, the Secretary shall give priority consideration to applications for the continuation of programs which have been funded under this part.

(5) Nothing in this section may be construed to authorize a separate service delivery system for Indian residents of a State who reside in non-reservation areas.

(c) The term "reservation" includes Indian reservations, public domain Indian allotments, former

Indian reservations in Oklahoma, and land held by incorporated Native groups, regional corporations, and village corporations under the provisions of the Alaska Native Claims Settlement Act.

Part D--Vocational Rehabilitation Services Client Information

Sec. 131. Data Sharing

(a) In General

(1) Memorandum of understanding

The Secretary of Education and the Secretary of Health and Human Services shall enter into a memorandum of understanding for the purposes of exchanging data of mutual importance--

(A) that concern clients of designated State agencies; and

(B) that are data maintained either by--

(i) the Rehabilitation Services Administration, as required by section 13; or

(ii) the Social Security Administration, from its Summary Earnings and Records and Master Beneficiary Records.

(2) Employment statistics

The Secretary of Labor shall provide the Commissioner with employment statistics specified in section 15 of the Wagner-Peyser Act, that facilitate evaluation by the Commissioner of the program carried out under part B, and allow the Commissioner to compare the progress of individuals with disabilities who are assisted under the program in securing, retaining, regaining, and advancing in employment with the progress made by individuals who are assisted under title I of the Workforce Investment Act of 1998.

(b) Treatment of Information

(B) The Access Board shall publish regulations setting forth the criteria the Board will use in determining whether the acceptance of gifts, devises, and bequests of property, both real and

personal, would reflect unfavorably upon the ability of the Board or any employee to carry out the responsibilities or official duties of the Board in a fair and objective manner, or would compromise the integrity of or the appearance of integrity of a Government program or any official involved in that program.

(i) There are authorized to be appropriated for the purpose of carrying out the duties and functions of the Access Board under this section such sums as may be necessary for each of the fiscal years 1999 through 2003.

Employment Under Federal Contracts

Sec. 503.(a) Any contract in excess of \$10,000 entered into by any Federal department or agency for the procurement of personal property and nonpersonal services (including construction) for the United States shall contain a provision requiring that the party contracting with the United States shall take affirmative action to employ and advance in employment qualified individuals with disabilities. The provisions of this section shall apply to any subcontract in excess of \$10,000 entered into by a prime contractor in carrying out any contract for the procurement of personal property and nonpersonal services (including construction) for the United States. The President shall implement the provisions of this section by promulgating regulations within ninety days after the date of enactment of this section.

(b) If any individual with a disability believes any contractor has failed or refused to comply with the provisions of a contract with the United States, relating to employment of individuals with disabilities, such individual may file a complaint with the Department of Labor. The Department shall promptly investigate such complaint and shall take such action thereon as the facts and circumstances warrant, consistent with the terms of such contract and the laws and regulations applicable thereto.

(c)(1) The requirements of this section may be waived, in whole or in part, by the President with respect to a particular contract or subcontract, in accordance with guidelines set forth in regulations which the President shall prescribe, when the President determines that special circumstances in the national interest so require and states in writing the reasons for such determination.

(2)(A) The Secretary of Labor may waive the requirements of the affirmative action clause required by the regulations promulgated under subsection (a) with respect to any of the prime contractor's or subcontractor's facilities that are found to be in all respects separate and distinct from activities of the prime contractor or subcontractor related to the performance of the contract or subcontract, if the Secretary of Labor also finds that such a waiver will not interfere with or impede the effectuation of this Act.

(B) Such waivers shall be considered only upon the request of the contractor or subcontractor.

The Secretary of Labor shall promulgate regulations that set forth the standards used for granting such a waiver.

(d) The standards used to determine whether this section has been violated in a complaint alleging nonaffirmative action employment discrimination under this section shall be the standards applied under title I of the Americans with Disabilities Act of 1990 (42 U.S.C. 12111 et seq.) and the provisions of sections 501 through 504, and 510, of the Americans with Disabilities Act of 1990 (42 U.S.C. 12201-12204 and 12210), as such sections relate to employment.

(e) The Secretary shall develop procedures to ensure that administrative complaints filed under this section and under the Americans with Disabilities Act of 1990 are dealt with in a manner that avoids duplication of effort and prevents imposition of inconsistent or conflicting standards for the same requirements under this section and the Americans with Disabilities Act of 1990.

Nondiscrimination Under Federal Grants and Programs

Sec. 504.(a) No otherwise qualified individual with a disability in the United States, as defined in section 7(20), shall, solely by reason of her or his disability, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving Federal financial assistance or under any program or activity conducted by any Executive agency or by the United States Postal Service. The head of each such agency shall promulgate such regulations as may be necessary to carry out the amendments to this section made by the Rehabilitation, Comprehensive Services, and Developmental Disabilities Act of 1978. Copies of any proposed regulation shall be submitted to appropriate authorizing committees of Congress, and such regulations may take effect no earlier than the thirtieth day after the date on which such regulation is so submitted to such committees.

(b) For the purposes of this section, the term "program or activity" means all of the operations of

(1)(A) a department, agency, special purpose district, or other instrumentality of a State or of a local government; or

(B) the entity of such a State or local government that distributes such assistance and each such department or agency (and each other State or local government entity) to which the assistance is extended, in the case of assistance to a State or local government;

(2)(A) a college, university, or other postsecondary institution, or a public system of higher education; or

(B) a local educational agency (as defined in section 14101 of the Elementary and Secondary Education Act of 1965), system of vocational education, or other school system;

(3)(A) an entire corporation, partnership, or other private organization, or an entire sole proprietorship-

(i) if assistance is extended to such corporation, partnership, private organization, or sole proprietorship as a whole; or

(ii) which is principally engaged in the business of providing education, health care, housing, social services, or parks and recreation; or

(B) the entire plant or other comparable, geographically separate facility to which Federal financial assistance is extended, in the case of any corporation, partnership, private organization, or sole proprietorship; or

(4) any other entity which is established by two or more of the entities described in paragraph (1), (2), or (3);

any part of which is extended Federal financial assistance.

(c) Small providers are not required by subsection (a) to make significant structural alterations to their existing facilities for the purpose of assuring program accessibility, if alternative means of providing the services are available. The terms used in this subsection shall be construed with reference to the regulations existing on the date of the enactment of this subsection.

(d) The standards used to determine whether this section has been violated in a complaint alleging employment discrimination under this section shall be the standards applied under title I of the Americans with Disabilities Act of 1990 (42 U.S.C. 12111 et seq.) and the provisions of sections 501 through 504, and 510, of the Americans with Disabilities Act of 1990 (42 U.S.C. 12201-12204 and 12210), as such sections relate to employment.

Remedies and Attorneys' Fees

Sec. 505.(a)(1) The remedies, procedures, and rights set forth in section 717 of the Civil Rights Act of 1964 (42 U.S.C. 2000e-16), including the application of sections 706(f) through 706(k) (42 U.S.C. 2000e-5(f) through (k)), shall be available, with respect to any complaint under section 501 of this Act, to any employee or applicant for employment aggrieved by the final disposition of such complaint, or by the failure to take final action on such complaint. In fashioning an equitable or affirmative action remedy under such section, a court may take into account the reasonableness of the cost of any necessary work place accommodation, and the availability of alternatives therefor or other appropriate relief in order to achieve an equitable and appropriate remedy.

(2) The remedies, procedures, and rights set forth in title VI of the Civil Rights Act of 1964 shall be available to any person aggrieved by any act or failure to act by any recipient of Federal assistance or Federal provider of such assistance under section 504 of this Act.

(b) In any action or proceeding to enforce or charge a violation of a provision of this title, the court, in its discretion, may allow the prevailing party, other than the United States, a reasonable attorney's fee as part of the costs.

Secretarial Responsibilities

Sec. 506.(a) The Secretary may provide directly or by contract with State vocational rehabilitation agencies or experts or consultants or groups thereof, technical assistance -

(1) to persons operating community rehabilitation programs; and

(2) with the concurrence of the Access Board established by section 502, to any public or nonprofit agency, institution, or organization;

for the purpose of assisting such persons or entities in removing architectural, transportation, or communication barriers. Any concurrence of the Access Board under paragraph (2) shall reflect its consideration of the cost studies carried out by States.

(b) Any such experts or consultants, while serving pursuant to such contracts, shall be entitled to receive compensation at rates fixed by the Secretary, but not exceeding the daily equivalent of the rate of pay for level 4 of the Senior Executive Service Schedule under section 5382 of title 5, United States Code, including travel time, and while so serving away from their homes or regular places of business, they may be allowed travel expenses, including per diem in lieu of subsistence, as authorized by section 5703 of title 5, United States Code, for persons in the Government service employed intermittently.

(c) The Secretary, with the concurrence of the Access Board and the President, may provide, directly or by contract, financial assistance to any public or nonprofit agency, institution, or organization for the purpose of removing architectural, transportation, and communication barriers. No assistance may be provided under this subsection until a study demonstrating the need for such assistance has been conducted and submitted under section 502(h)(1) of this title.

(d) In order to carry out this section, there are authorized to be appropriated such sums as may be necessary.

Nothing in this section shall impair any responsibilities assigned by any Executive order to any Federal department, agency, or instrumentality to act as a lead Federal agency with respect to any provisions of this title.

Electronic and Information Technology Accessibility Guidelines

Sec. 508. Electronic and Information Technology

(a) Requirements for Federal Departments and Agencies

(1) Accessibility

(A) Development, procurement, maintenance, or use of electronic and information technology

When developing, procuring, maintaining, or using electronic and information technology, each Federal department or agency, including the United States Postal Service, shall ensure, unless an undue burden would be imposed on the department or agency, that the electronic and information technology allows, regardless of the type of medium of the technology--

(i) individuals with disabilities who are Federal employees to have access to and use of information and data that is comparable to the access to and use of the information and data by Federal employees who are not individuals with disabilities; and

(ii) individuals with disabilities who are members of the public seeking information or services from a Federal department or agency to have access to and use of information and data that is comparable to the access to and use of the information and data by such members of the public who are not individuals with disabilities.

(B) Alternative means efforts

When development, procurement, maintenance, or use of electronic and information technology that meets the standards published by the Access Board under paragraph (2) would impose an undue burden, the Federal department or agency shall provide individuals with disabilities covered by paragraph (1) with the information and data involved by an alternative means of access that allows the individual to use the information and data.

(2) Electronic and information technology standards

(A) In general

Not later than 18 months after the date of enactment of the Rehabilitation Act Amendments of 1998, the Architectural and Transportation Barriers Compliance Board (referred to in this section as the "Access Board"), after consultation with the Secretary of Education, the Administrator of General Services, the Secretary of Commerce, the Chairman of the Federal Communications Commission, the Secretary of Defense, and the head of any other Federal department or agency that the Access Board determines to be appropriate, including consultation on relevant research findings, and after consultation with the electronic and information technology industry and appropriate public or nonprofit agencies or organizations, including organizations representing individuals with disabilities, shall issue and publish standards setting forth--

(i) for purposes of this section, a definition of electronic and information technology that is consistent with the definition of information technology specified in section 5002(3) of the Clinger-Cohen Act of 1996 (40 U.S.C. 1401(3)); and

(ii) the technical and functional performance criteria necessary to implement the requirements set forth in paragraph (1).

(B) Review and amendment

The Access Board shall periodically review and, as appropriate, amend the standards required under subparagraph (A) to reflect technological advances or changes in electronic and information technology.

(3) Incorporation of standards

Not later than 6 months after the Access Board publishes the standards required under paragraph (2), the Federal Acquisition Regulatory Council shall revise the Federal Acquisition Regulation and each Federal department or agency shall revise the Federal procurement policies and directives under the control of the department or agency to incorporate those standards. Not later than 6 months after the Access Board revises any standards required under paragraph (2), the Council shall revise the Federal Acquisition Regulation and each appropriate Federal department or agency shall revise the procurement policies and directives, as necessary, to incorporate the revisions.

(4) Acquisition planning

In the event that a Federal department or agency determines that compliance with the standards issued by the Access Board under paragraph (2) relating to procurement imposes an undue burden, the documentation by the department or agency supporting the procurement shall explain why compliance creates an undue burden.

(5) Exemption for national security systems

This section shall not apply to national security systems, as that term is defined in section 5142 of the Clinger-Cohen Act of 1996 (40 U.S.C. 1452).

(6) Construction

(A) Equipment

In a case in which the Federal Government provides access to the public to information or data through electronic and information technology, nothing in this section shall be construed to require a Federal department or agency--

(i) to make equipment owned by the Federal Government available for access and use by

individuals with disabilities covered by paragraph (1) at a location other than that where the electronic and information technology is provided to the public; or

(ii) to purchase equipment for access and use by individuals with disabilities covered by paragraph (1) at a location other than that where the electronic and information technology is provided to the public.

(B) Software and peripheral devices

Except as required to comply with standards issued by the Access Board under paragraph (2), nothing in paragraph (1) requires the installation of specific accessibility-related software or the attachment of a specific accessibility-related peripheral device at a workstation of a Federal employee who is not an individual with a disability.

(b) Technical Assistance

The Administrator of General Services and the Access Board shall provide technical assistance to individuals and Federal departments and agencies concerning the requirements of this section.

(c) Agency Evaluations

Not later than 6 months after the date of enactment of the Rehabilitation Act Amendments of 1998, the head of each Federal department or agency shall evaluate the extent to which the electronic and information technology of the department or agency is accessible to and usable by individuals with disabilities described in subsection (a)(1), compared to the access to and use of the technology by individuals described in such subsection who are not individuals with disabilities, and submit a report containing the evaluation to the Attorney General.

(d) Reports

(1) Interim report

Not later than 18 months after the date of enactment of the Rehabilitation Act Amendments of 1998, the Attorney General shall prepare and submit to the President a report containing information on and recommendations regarding the extent to which the electronic and information technology of the Federal Government is accessible to and usable by individuals with disabilities described in subsection (a)(1).

Congress a report containing information on and recommendations regarding the state of Federal department and agency compliance with the requirements of this section, including actions regarding individual complaints under subsection (f).

(e) Cooperation

Each head of a Federal department or agency (including the Access Board, the Equal Employment Opportunity Commission, and the General Services Administration) shall provide to the Attorney General such information as the Attorney General determines is necessary to conduct the evaluations under subsection (c) and prepare the reports under subsection (d).

This subsection shall apply only to electronic and information technology that is procured by a Federal department or agency not less than 2 years after the date of enactment of the Rehabilitation Act Amendments of 1998.

(2) Administrative complaints

Complaints filed under paragraph (1) shall be filed with the Federal department or agency alleged to be in noncompliance. The Federal department or agency receiving the complaint shall apply the complaint procedures established to implement section 504 for resolving allegations of discrimination in a federally conducted program or activity.

(3) Civil actions

The remedies, procedures, and rights set forth in sections 505(a)(2) and 505(b) shall be the remedies, procedures, and rights available to any individual with a disability filing a complaint under paragraph (1).

(g) Application to Other Federal Laws

This section shall not be construed to limit any right, remedy, or procedure otherwise available under any provision of Federal law (including sections 501 through 505) that provides greater or

equal protection for the rights of individuals with disabilities than this section.

Sec. 509. Protection and Advocacy of Individual Rights

(a) Purpose and Construction

(1) Purpose

The purpose of this section is to support a system in each State to protect the legal and human rights of individuals with disabilities who--

(A) need services that are beyond the scope of services authorized to be provided by the client assistance program under section 112; and

(B)(i) are ineligible for protection and advocacy programs under part C of the Developmental Disabilities Assistance and Bill of Rights Act (42 U.S.C. 6041 et seq.) because the individuals do not have a developmental disability, as defined in section 102 of such Act (42 U.S.C. 6002); and
(ii) are ineligible for services under the Protection and Advocacy for Mentally Ill Individuals Act of 1986 (42 U.S.C. 10801 et seq.) because the individuals are not individuals with mental illness, as defined in section 102 of such Act (42 U.S.C. 10802).

(2) Construction

This section shall not be construed to require the provision of protection and advocacy services that can be provided under the Assistive Technology Act of 1998.

(b) Appropriations Less Than \$5,500,000

For any fiscal year in which the amount appropriated to carry out this section is less than \$5,500,000, the Commissioner may make grants from such amount to eligible systems within States to plan for, develop outreach strategies for, and carry out protection and advocacy programs authorized under this section for individuals with disabilities who meet the requirements of subparagraphs (A) and (B) of subsection (a)(1).

(c) Appropriations of \$5,500,000 or More

(1) Reservations

(A) Technical assistance

For any fiscal year in which the amount appropriated to carry out this section equals or exceeds \$5,500,000, the Commissioner shall set aside not less than 1.8 percent and not more than 2.2 percent of the amount to provide training and technical assistance to the systems established under this section.

(B) Grant for the eligible system serving the American Indian consortium

For any fiscal year in which the amount appropriated to carry out this section equals or exceeds \$10,500,000, the Commissioner shall reserve a portion, and use the portion to make a grant for the eligible system serving the American Indian consortium. The Commission shall make the grant in an amount of not less than \$50,000 for the fiscal year.

(2) Allotments

For any such fiscal year, after the reservations required by paragraph (1) have been made, the Commissioner shall make allotments from the remainder of such amount in accordance with paragraph (3) to eligible systems within States to enable such systems to carry out protection and advocacy programs authorized under this section for individuals referred to in subsection (b).

(3) Systems within states

(A) Population basis

Except as provided in subparagraph (B), from such remainder for each such fiscal year, the Commissioner shall make an allotment to the eligible system within a State of an amount bearing the same ratio to such remainder as the population of the State bears to the population of all States.

(B) Minimums

Subject to the availability of appropriations to carry out this section, and except as provided in paragraph (4), the allotment to any system under subparagraph (A) shall be not less than \$100,000 or one-third of one percent of the remainder for the fiscal year for which the allotment is made, whichever is greater, and the allotment to any system under this section for any fiscal year that is less than \$100,000 or one-third of one percent of such remainder shall be increased to the greater of the two amounts.

(4) Systems within other jurisdictions

(A) In general

For the purposes of paragraph (3)(B), Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands shall not be considered to be States.

(B) Allotment

The eligible system within a jurisdiction described in subparagraph (A) shall be allotted under paragraph (3)(A) not less than \$50,000 for the fiscal year for which the allotment is made.

(5) Adjustment for inflation

For any fiscal year, beginning in fiscal year 1999, in which the total amount appropriated to carry out this section exceeds the total amount appropriated to carry out this section for the preceding fiscal year, the Commissioner shall increase each of the minimum grants or allotments under paragraphs (1)(B), (3)(B), and (4)(B) by a percentage that shall not exceed the percentage increase in the total amount appropriated to carry out this section between the preceding fiscal year and the fiscal year involved.

(d) Proportional Reduction

To provide minimum allotments to systems within States (as increased under subsection (c)(5)) under subsection (c)(3)(B), or to provide minimum allotments to systems within States (as increased under subsection (c)(5)) under subsection (c)(4)(B), the Commissioner shall proportionately reduce the allotments of the remaining systems within States under subsection (c)(3), with such adjustments as may be necessary to prevent the allotment of any such remaining system within a State from being reduced to less than the minimum allotment for a system within a State (as increased under subsection (c)(5)) under subsection (c)(3)(B), or the minimum allotment for a State (as increased under subsection (c)(5)) under subsection (c)(4)(B), as appropriate.

(e) Reallotment

Whenever the Commissioner determines that any amount of an allotment to a system within a State for any fiscal year described in subsection (c)(1) will not be expended by such system in carrying out the provisions of this section, the Commissioner shall make such amount available for carrying out the provisions of this section to one or more of the systems that the Commissioner determines will be able to use additional amounts during such year for carrying out such provisions. Any amount made available to a system for any fiscal year pursuant to the preceding sentence shall, for the purposes of this section, be regarded as an increase in the allotment of the system (as determined under the preceding provisions of this section) for such year.

(f) Application

In order to receive assistance under this section, an eligible system shall submit an application to the Commissioner, at such time, in such form and manner, and containing such information and assurances as the Commissioner determines necessary to meet the requirements of this section, including assurances that the eligible system will--

(1) have in effect a system to protect and advocate the rights of individuals with disabilities;

(4) provide information on and make referrals to programs and services addressing the needs of individuals with disabilities in the State or the American Indian consortium;

(5) develop a statement of objectives and priorities on an annual basis, and provide to the public, including individuals with disabilities and, as appropriate, the individuals' representatives, an opportunity to comment on the objectives and priorities established by, and activities of, the system including--

(A) the objectives and priorities for the activities of the system for each year and the rationale for the establishment of such objectives and priorities; and

(B) the coordination of programs provided through the system under this section with the advocacy programs of the client assistance program under section 112, the State long-term care ombudsman program established under the Older Americans Act of 1965 (42 U.S.C. 3001 et seq.), the Developmental Disabilities Assistance and Bill of Rights Act (42 U.S.C. 6000 et seq.), and the Protection and Advocacy for Mentally Ill Individuals Act of 1986 (42 U.S.C. 10801 et seq.);

(6) establish a grievance procedure for clients or prospective clients of the system to ensure that individuals with disabilities are afforded equal opportunity to access the services of the system; and

(7) provide assurances to the Commissioner that funds made available under this section will be used to supplement and not supplant the non-Federal funds that would otherwise be made available for the purpose for which Federal funds are provided.

(g) Carryover and Direct Payment

(1) Direct payment

Notwithstanding any other provision of law, the Commissioner shall pay directly to any system that complies with the provisions of this section, the amount of the allotment of the State or the grant for the eligible system that serves the American Indian consortium involved under this section, unless the State or American Indian consortium provides otherwise.

(2) Carryover

Any amount paid to an eligible system that serves a State or American Indian consortium for a fiscal year that remains unobligated at the end of such year shall remain available to such system that serves the State or American Indian consortium for obligation during the next fiscal year for the purposes for which such amount was paid.

(h) Limitation on Disclosure Requirements

For purposes of any audit, report, or evaluation of the performance of the program established under this section, the Commissioner shall not require such a program to disclose the identity of, or any other personally identifiable information related to, any individual requesting assistance under such program.

(i) Administrative Cost

In any State in which an eligible system is located within a State agency, a State may use a portion of any allotment under subsection (c) for the cost of the administration of the system required by this section. Such portion may not exceed 5 percent of the allotment.

(j) Delegation

The Commissioner may delegate the administration of this program to the Commissioner of the Administration on Developmental Disabilities within the Department of Health and Human Services.

(k) Report

The Commissioner shall annually prepare and submit to the Committee on Education and the Workforce of the House of Representatives and the Committee on Labor and Human Resources of the Senate a report describing the types of services and activities being undertaken by programs funded under this section, the total number of individuals served under this section, the types of disabilities represented by such individuals, and the types of issues being addressed on behalf of such individuals.

Part C--Centers for Independent Living

Sec. 721. Program Authorization

(a) In General

From the funds appropriated for fiscal year 1999 and for each subsequent fiscal year to carry out this part, the Commissioner shall allot such sums as may be necessary to States and other entities in accordance with subsections (b) through (d).

(b) Training

(1) Grants; contracts; other arrangements

For any fiscal year in which the funds appropriated to carry out this part exceed the funds appropriated to carry out this part for fiscal year 1993, the Commissioner shall first reserve from such excess, to provide training and technical assistance to eligible agencies, centers for independent living, and Statewide Independent Living Councils for such fiscal year, not less than 1.8 percent, and not more than 2 percent, of the funds appropriated to carry out this part for the fiscal year involved.

(2) Allocation

From the funds reserved under paragraph (1), the Commissioner shall make grants to, and enter into contracts and other arrangements with, entities that have experience in the operation of centers for independent living to provide such training and technical assistance with respect to planning, developing, conducting, administering, and evaluating centers for independent living.

(3) Funding priorities

The Commissioner shall conduct a survey of Statewide Independent Living Councils and centers for independent living regarding training and technical assistance needs in order to determine funding priorities for such grants, contracts, and other arrangements.

(4) Review

To be eligible to receive a grant or enter into a contract or other arrangement under this subsection, such an entity shall submit an application to the Commissioner at such time, in such manner, and containing a proposal to provide such training and technical assistance, and containing such additional information as the Commissioner may require. The Commissioner

shall provide for peer review of grant applications by panels that include persons who are not government employees and who have experience in the operation of centers for independent living.

(5) Prohibition on combined funds

No funds reserved by the Commissioner under this subsection may be combined with funds appropriated under any other Act or part of this Act if the purpose of combining funds is to make a single discretionary grant or a single discretionary payment, unless such funds appropriated under this chapter are separately identified in such grant or payment and are used for the purposes of this chapter.

(c) In General

(1) States

(A) Population basis

After the reservation required by subsection (b) has been made, and except as provided in subparagraphs (B) and (C), from the remainder of the amounts appropriated for each such fiscal year to carry out this part, the Commissioner shall make an allotment to each State whose State plan has been approved under section 706 of an amount bearing the same ratio to such remainder as the population of the State bears to the population of all States.

(B) Maintenance of 1992 amounts

Subject to the availability of appropriations to carry out this part, the amount of any allotment made under subparagraph (A) to a State for a fiscal year shall not be less than the amount of financial assistance received by centers for independent living in the State for fiscal year 1992 under part B of this title, as in effect on the day before the date of enactment of the Rehabilitation Act Amendments of 1992.

(C) Minimums

Subject to the availability of appropriations to carry out this part and except as provided in subparagraph (B), for a fiscal year in which the amounts appropriated to carry out this part exceed the amounts appropriated for fiscal year 1992 to carry out part B of this title, as in effect on the day before the date of enactment of the Rehabilitation Act Amendments of 1992--

(i) if such excess is not less than \$8,000,000, the allotment to any State under subparagraph (A) shall be not less than \$450,000 or one-third of one percent of the sums made available for the fiscal year for which the allotment is made, whichever is greater, and the allotment of any State under this section for any fiscal year that is less than \$450,000 or one-third of one percent of such sums shall be increased to the greater of the two amounts;

(ii) if such excess is not less than \$4,000,000 and is less than \$8,000,000, the allotment to any State under subparagraph (A) shall be not less than \$400,000 or one-third of one percent of the sums made available for the fiscal year for which the allotment is made, whichever is greater, and the allotment of any State under this section for any fiscal year that is less than \$400,000 or one-third of one percent of such sums shall be increased to the greater of the two amounts; and

(iii) if such excess is less than \$4,000,000, the allotment to any State under subparagraph (A) shall approach, as nearly as possible, the greater of the two amounts described in clause (ii).

(2) Certain territories

(A) In general

For the purposes of paragraph (1)(C), Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands shall not be considered to be States.

(B) Allotment

Each jurisdiction described in subparagraph (A) shall be allotted under paragraph (1)(A) not less than one-eighth of one percent of the remainder for the fiscal year for which the allotment is made.

(3) Adjustment for inflation

For any fiscal year, beginning in fiscal year 1999, in which the total amount appropriated to carry out this part exceeds the total amount appropriated to carry out this part for the preceding fiscal year, the Commissioner shall increase the minimum allotment under paragraph (1)(C) by a percentage that shall not exceed the percentage increase in the total amount appropriated to carry out this part between the preceding fiscal year and the fiscal year involved.

(4) Proportional reduction

To provide allotments to States in accordance with paragraph (1)(B), to provide minimum allotments to States (as increased under paragraph (3)) under paragraph (1)(C), or to provide minimum allotments to States under paragraph (2)(B), the Commissioner shall proportionately reduce the allotments of the remaining States under paragraph (1)(A), with such adjustments as may be necessary to prevent the allotment of any such remaining State from being reduced to less than the amount required by paragraph (1)(B).

(d) Reallotment

Whenever the Commissioner determines that any amount of an allotment to a State for any fiscal year will not be expended by such State for carrying out the provisions of this part, the

Commissioner shall make such amount available for carrying out the provisions of this part to one or more of the States that the Commissioner determines will be able to use additional amounts during such year for carrying out such provisions. Any amount made available to a State for any fiscal year pursuant to the preceding sentence shall, for the purposes of this section, be regarded as an increase in the allotment of the State (as determined under the preceding provisions of this section) for such year.

Sec. 722. Grants to Centers for Independent Living in States in Which Federal Funding Exceeds State Funding

(a) Establishment

(1) In general

Unless the director of a designated State unit awards grants under section 723 to eligible agencies in a State for a fiscal year, the Commissioner shall award grants under this section to such eligible agencies for such fiscal year from the amount of funds allotted to the State under subsection (c) or (d) of section 721 for such year.

(d) New Centers for Independent Living

(1) In general

If there is no center for independent living serving a region of the State or a region is underserved, and the increase in the allotment of the State is sufficient to support an additional center for independent living in the State, the Commissioner may award a grant under this section to the most qualified applicant proposing to serve such region, consistent with the provisions in the State plan setting forth the design of the State for establishing a statewide network of centers for independent living.

(2) Selection

In selecting from among applicants for a grant under this section for a new center for independent living, the Commissioner--

(A) shall consider comments regarding the application, if any, by the Statewide Independent Living Council in the State in which the applicant is located;

(ii) Grants

The director or the Commissioner, as appropriate, shall award such grants, from the amount of funds so allotted for the initial fiscal year, to eligible agencies in the State for the planning, conduct, administration, and evaluation of centers for independent living that comply with the standards and assurances set forth in section 725.

(B) Subsequent years

For each year subsequent to the initial fiscal year described in subparagraph (A), the director of the designated State unit shall continue to have the authority to award such grants under this section if the Commissioner determines that the State continues to earmark the amount of State funds described in subparagraph (A)(i). (2) Grants by designated state units

In order for the designated State unit to be eligible to award the grants described in paragraph (1) and carry out this section for a fiscal year with respect to a State, the designated State agency shall submit an application to the Commissioner at such time, and in such manner as the Commissioner may require, including information about the amount of State funds described in paragraph (1) for the preceding fiscal year. (d) New Centers for Independent Living

(1) In general

If there is no center for independent living serving a region of the State or the region is unserved or underserved, and the increase in the allotment of the State is sufficient to support an additional center for independent living in the State, the director of the designated State unit may award a grant under this section from among eligible agencies, consistent with the provisions of the State plan under section 704 setting forth the design of the State for establishing a statewide network of centers for independent living.

(2) Selection

(A) the director of the designated State unit and the chairperson of, or other individual designated by, the Statewide Independent Living Council acting on behalf of and at the direction of the Council, shall jointly appoint a peer review committee that shall rank applications in accordance with the standards and assurances set forth in section 725 and criteria jointly established by such director and such chairperson or individual;

A copy of this review shall be provided to the Commissioner.

(i) Adverse Actions

If the director of the designated State unit proposes to take a significant adverse action against a center for independent living, the center may seek mediation and conciliation to be provided by an individual or individuals who are free of conflicts of interest identified by the chairperson of or other individual designated by the Council. If the issue is not resolved through the mediation and conciliation, the center may appeal the proposed adverse action to the Commissioner for a final decision.

Sec. 724. Centers Operated by State Agencies
